Countless custom options available!

Contact Wikk for custom short specs or budgetary and design assistance.

To ensure competitive bidding by qualified Sub Contractors, please specify Wikk's products in CSI Divisions: 8, 14, or 28.

Features & Benefits

Competitive 4-week lead time

Ships from the factory to the job site in 20 business days or less.

Simple installation

Easy install of base mounting bracket and bollard body with stainless hardware and standard tools. Body can be detached from base without disturbing flooring for maintenance or replacement.

Secure mounting

1/2" diameter masonry anchors provided for mounting on pavers, concrete, or other flooring materials.

Welded angle top

Bollard cap is welded on and ground smooth for a watertight, seamless finish. Angled to prevent rainwater pooling or litter accumulation.

Preps for two devices

Includes cutouts for mounting intercoms, card readers, or actuators. Preps are customizable to fit make/model specified for each device.

Robust structure

Solid and reliable aluminum construction for both indoor and outdoor locations.

Long-lasting powder coat finish

Sleek and attractive powder coat finish with excellent corrosion and chemical resistance. Choose from a wide selection of colors to match any palette.
