To ensure competitive bidding by qualified Sub Contractors, please specify Wikk's products in CSI Divisions: 8, 14, or 28.

Features & Benefits

Competitive 4-week lead time
 Ships from the factory to the job site in 20 business days or less.

Simple installation
 Easy install of base mounting bracket and bollard body with stainless hardware and standard tools. Body can be detached from base without disturbing flooring for maintenance or replacement.

Secure mounting
 1/2" diameter masonry anchors provided for mounting on pavers, concrete, or other flooring materials.

Welded angle top
 Bollard cap is welded on and ground smooth for a watertight, seamless finish. Angled to prevent rainwater pooling or litter accumulation.

Preps for three devices
 Includes cutouts for mounting intercoms, card readers, or actuators. Preps are customizable to fit make/model specified for each device.

Corrosion resistant body
 Durable stainless steel construction for long-lasting use in both indoor and outdoor locations.

Welded rain hood (Optional)
 Provides extra weather protection for devices.

Surface Mount Access Panel (Optional)
 Removable access panel on back for maintenance.
