Contact Wikk for custom short specs or budgetary and design assistance.

**To ensure competitive bidding by qualified Sub Contractors, please specify Wikk's products in CSI Divisions: 8, 14, or 28.**

## Features & Benefits

### Competitive 4-week lead time

Ships from the factory to the job site in 20 business days or less.

### Simple installation

Welded 3/8" thick base plate with 4 mounting holes for easy install of bollard with standard tools.

### Secure mounting

1/2" diameter masonry anchors provided for mounting on pavers, concrete, or other flooring materials.

### Welded flat top

Bollard cap is welded on and ground smooth for a watertight, seamless finish.

### Prep for one device

Includes cutout for mounting an actuator or other device. Prep is customizable to fit make/model specified for device.

### Corrosion resistant body

Durable stainless steel construction for long-lasting use in both indoor and outdoor locations.
