Countless custom options available!

Contact Wikk for custom short specs or budgetary and design assistance.

To ensure competitive bidding by qualified Sub Contractors, please specify Wikk's products in CSI Divisions: 8, 14, or 28.

Features & Benefits

Competitive 4-week lead time

Ships from the factory to the job site in 20 business days or less.

Simple installation

Easy install of base mounting bracket and bollard body with stainless hardware and standard tools. Body can be detached from base without disturbing flooring for maintenance or replacement.

Secure mounting

1/2" diameter masonry anchors provided for mounting on pavers, concrete, or other flooring materials.

Welded flat top

Bollard cap is welded on and ground smooth for a watertight, seamless finish.

Welded back box for 4400 Series KNOX BOX®

Pre-installed welded back box for convenient and hassle-free mounting of 4400 Series KNOX BOX®. Simply slide the KNOX BOX® into place and fasten from the inside.

Corrosion resistant body

Durable stainless steel construction for long-lasting use in both indoor and outdoor locations.
