Countless custom options available!

Contact Wikk for custom short specs or budgetary and design assistance.

To ensure competitive bidding by qualified Sub Contractors, please specify Wikk's products in CSI Divisions: 8, 14, or 28.

Features & Benefits

Competitive 4-week lead time

Ships from the factory to the job site in 20 business days or less.

Simple installation

Easy install of base mounting bracket and bollard body with stainless hardware and standard tools. Body can be detached from base without disturbing flooring for maintenance or replacement.

Secure mounting

1/2" diameter masonry anchors provided for mounting on pavers, concrete, or other flooring materials.

Weather-resistant cap secured with stainless steel set screws

Easy removal of leak-free mortised black marine board cap to access internal wiring. Cap material is resistant to fading or cracking in all environments.

Robust structure

Solid and reliable aluminum construction for both indoor and outdoor locations.

Prep for INGRESS'R® mounting

Compatible with Wikk's 36" INGRESS'R® bar actuator for full range activation and ADA compliance.

Single Gang Prep for additional device

Includes real estate for mounting a card reader or other external device. Compatible with any device requiring single gang mounting.
